101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills

may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, 26 ems by 50 ems, on good paper, in imperial octavo form, each page when folded measuring 10 3/4 inches by 7 1/2 inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the

lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

DOCUMENTS required for use in foreign countries must bear date, signature, and seal of the Notary Public appointed pursuant to the *Notaries Act*.

The cost of one set of documents is \$3. One set of certificates comprises the notarized document, the certificate of the Deputy Provincial Secretary, and the certificate of the Lieutenant-Governor (three documents). An additional fee of \$1 is charged for a duplicate set of certificates. Cheque or money order should be made payable to the Minister of Finance and forwarded with document to the Deputy Provincial Secretary, Parliament Buildings, Victoria, B.C. V8V 1X4. Please make sure not to send to the Minister of Finance.

We obtain a certificate from the Registrar of the Supreme Court in Victoria as he is the keeper of the Roll of Notaries Public; do not deal with the Registrar of the Supreme Court in Vancouver as a certificate from him is unacceptable.

Documents are processed in date of receipt and are handled as quickly as possible. Applicants are advised to submit documents well before date of requirements as unavoidable delays do occur, and at least two weeks should be allowed.

APPLICATION FOR PERMIT UNDER POLLUTION CONTROL ACT, 1967 (Effluent)

Preamble—The following is an application for a permit to discharge treated sanitary effluent from the proposed Hotel at Pope Landing, Pender Harbour, B.C., into Pender Harbour. Due to its location, an ordinary septic-tank system would pollute the surrounding waters, therefore we are proposing the installation of a secondary sewage-treatment plant and outfall. The secondary sewage treatment would break any incoming solids to one-quarter inch size or smaller, then using a modified diffused air-aerobic digestion process known as extended aeration, it would maintain sufficient oxygen, mixing time, and detention time to allow the micro-organisms or sludge floc to decompose the treatable wastes into harmless carbon dioxide, water, and ash. Before leaving the sewage-treatment plant the effluent will be disinfected with chlorine. The treated effluent would then be discharged by means of an underwater outfall into Pender Harbour at a depth of 66 feet below low tide and 350 feet from the nearest point of land in order to give satisfactory dilution of the effluent.

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) of the *Pollution Control Act, 1967* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or, where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

Sea-Home Developments Ltd., of Suite 330, 890 West Pender Street, Vancouver,

B.C., hereby applies to the Director for a permit to discharge effluent from a proposed hotel at Pender Harbour, located at Pope Landing (Francis Peninsula), into Pender Harbour, which flows tidal and discharges into Malaspina Strait, and gives notice of application to all persons affected.

The land upon which the works are located is Lots B, C, and D, Block D, District Lot 1390, Group 1, NWD, Plan 12850.

The discharge shall be located at a point 575 feet N.16°E. of the east end of said Lot B.

The quantity of effluent to be discharged is as follows: Average annual daily discharge (based on operating period), 5,829 imperial gallons. Maximum daily discharge, 5,829 imperial gallons.

The operating period during which the effluent will be discharged is continuous, 24 hours a day.

The characteristics of the effluent discharged shall be equivalent to or better than BOD, less than 45; total suspended solids, less than 45 ppm; pH range, 7.1–7.2; temperature range, 45 to 70°; coliform bacteria, less than 20 with chlorination.

The type of treatment to be applied to the effluent before discharge is secondary.

I, Anne G. Pressley, Secretary-Treasurer, hereby certify that a copy of this application has been received by the Sunshine Coast Regional District.

This application, dated on the 6th day of August 1975, was posted on the ground in accordance with the Pollution Control Regulations.
